- Completing day to day tasks on regular basis.
- Creating user friendly UI using React.js and Typescript.
- Tech Stack : HTML, CSS, Javascript, Typescript, React.js, Github, Jira, Figma, Blueprint.js, etc.
- Certificate : https://tinyurl.com/5n8a8bx7
- Letter of recommendation : https://tinyurl.com/52vf7juc

Projects

Disney+ Clone | Personal Project (link)   January 2024 - January 2024
- **Technology Stack**: The application was built using a robust technology stack including React, Vite, Tailwind, Firebase, Styled Components, and Redux Toolkit. This diverse set of tools facilitated the creation of a dynamic, fully responsive UI.
- **Firebase Integration**: Leveraged Firebase for user authentication and database management, ensuring secure access and reliable data storage.
- **Enhanced User Experience**: The application goes beyond a simple clone, offering additional features that enhance the user experience and showcase my UI development skills.
- **Responsive Design**: Prioritized the creation of a fully responsive UI, demonstrating my commitment to delivering seamless experiences across all device types.

Movie App | Personal Project (link)   July 2022 - August 2022
- **Demo Movie App**: The application serves as a demonstration of a movie app.
- **Content Categorization**: Users can browse movies and TV series according to different sections such as Trending, Movies, and TV Series.
- **Tech Stacks:** HTML, CSS, Javascript, React.js, Material-UI, API

Crypto-Currency App | Personal Project (link)   July 2022 - August 2022
- **Demo Crypto-Currency App**: The application serves as a demonstration of a crypto-currency app where users can view the current status of various cryptocurrencies.
- **Tech Stacks:** HTML, CSS, Javascript, React.js, Material-UI, API, Responsive Design

Quiz App | Personal Project (link)   November 2021 - November 2021
- **Demo Quiz App**: The application serves as a demonstration of a quiz app where users can participate in quizzes.
- **Simple Front-End Application**: The application is designed with a user-friendly interface, allowing users to easily navigate and play the quiz.
- **Tech Stack:** HTML, CSS, Bootstrap, JavaScript

Certifications

Newton School | Full Stack Web Development | Bootcamp Training   August 2021
• Data structure and problem solving skills
• Tech Stack : Java, HTML, CSS, JavaScript, React.js, BootStrap, Material-UI
• Business Communication skills
Certification link : [Newton School](#)

Skills

Computer languages	TypeScript, HTML, CSS, Javascript
Software Packages	Windows, Figma, Tailwind CSS, Bootstrap, React
Additional Courses Taken	Data Structure
Soft Skills	Verbal/nonverbal communication, Written communication, Decision-making, Teamwork, Critical Thinking, Communication Skills
